**SOLUTIONS FOR GROWING YOUR OWN FOOD**

*THE SHEER **HEIGHT** OF THE BW FREEFLOW GREENHOUSE ALLOWS FOR **INCREASED TEMPERATURE CONTROL AND HUMIDITY MANAGEMENT**. THE RELATIVE AIR COLUMNS AND HEAT CAPABILITIES AT VARYING HEIGHTS ALLOWS FOR A RANGE OF CROP ENVIRONMENTS WITHIN A SINGLE SYSTEM. CATER TO EVERY YIELD UNDER THE SAME ROOF.*

**BY USING THE BEST MATERIALS WITH THE BEST DESIGNS, BW GREENHOUSES ARE MANUFACTURED TO BE THE BEST GROWING ENVIRONMENTS AVAILABLE FOR YOU.**

# PROTECT YOUR PRODUCT WITH THE **STRONGEST** MOST ADVANCED GREENHOUSE ON THE MARKET

## FREEFLOW

One of the world's tallest greenhouses, the BW FREEFLOW Greenhouse can reach a staggering 4.5 storeys tall. This monstrous growing structure offers revolutionary unobstructed air and sunlight flow, making it ideal for any intensified vertical food system. Expect unprecedented weather protection and higher crop yields from the FREEFLOW, a leading development in the vertical growing industry.

### STANDARD SIZES

WIDTH	UNDER GUTTER HEIGHT	TOTAL HEIGHT
32'10"	24'	35'9"

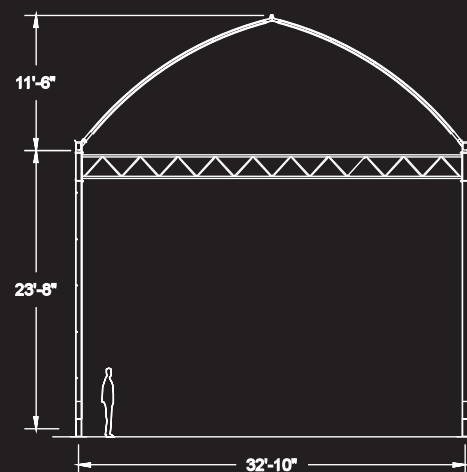

### BW FREEFLOW FEATURES

- + Maintain maximized work flow with option to create separate chambers for diversification of crops
- + Trussed structure provides a greater span, up to 32'10" between posts without support beams
- + Extreme height and strength is ideal for an advanced vertical growing system
- + Optional forced air ventilation - exhaust fans, intake louvre options
- + Option to include rooms including bathrooms and offices
- + Highest snow and wind rating in its class
- + Steel baseboards provide increased easy maintenance, increased longevity, and eliminate pressure treated wood to allow us to meet organic certification standards
- + Customizable to your geographic, growing, and business needs
- + Manufactured locally and shipped direct for fast delivery times
- + More purlins than any other greenhouse on the market
